SUMMARY

Governance, Risk & Compliance consultant with 3.5+ years across PwC and EY in **ISO 27001:2022**, the **NIST Cybersecurity Framework** (CSF 2.0), risk assessments, and audit and control-gap identification. Delivered IT/OT cybersecurity audits and **ISO 27001** assessments at PwC that lifted client security posture up to 40% and enabled certification, and led data-**privacy** **DPIA** engagements at EY against **GDPR** and **ISO 27701**.

TECHNICAL SKILLS

GRC, Audit & Risk: Governance, Risk & Compliance (GRC), ISMS Design & Audit, IT General Controls (ITGC), IT Audit, Internal Audit, Risk Assessment, Risk Register Management, Gap Assessment, Control-Gap Identification, Maturity Assessment, Remediation, Business Continuity, ISO Certification Readiness, Regulatory Compliance

Frameworks & Standards: ISO/IEC 27001:2022, NIST Cybersecurity Framework (NIST CSF 2.0), NIST SP 800-53 / 800-30, IEC 62443, ISO/IEC 27701:2025 (PIMS), ISO 22301 (BCMS), GDPR, DPDP Act (India)

Privacy, Tools & Reporting: Privacy Gap Assessment, DPIA, ROPA, Data Flow Mapping, Vulnerability Assessment & Management, Penetration Testing, Tenable, Nessus, Nozomi, Claroty, Wireshark, Power BI, Risk & Compliance Dashboards, Metrics & Management Reporting, Network Diagrams (As-Is / To-Be), RFP & Proposal Development, Stakeholder Communication

Certifications: ISO/IEC 27001:2022 Lead Implementer (LI), BCMS ISO 22301, Claroty Implementation Engineer (CIE 401)

WORK EXPERIENCE

Ernst & Young (EY) India India (Hybrid)

March 2026 – Present

Consultant — Governance, Risk & Privacy

- Delivered data-**privacy** and protection advisory for a telecommunications client against **GDPR**, **ISO 27701:2025 (PIMS)**, and regional data-protection regulations, conducting a **privacy gap assessment** and **risk assessment**.
- Performed Data Protection Impact Assessments (**DPIA**) and built **data flow** diagrams and Records of Processing Activities (ROPA), strengthening the client's **privacy compliance** maturity.
- Delivered recommendations and implementation roadmaps, prepared management reports for **stakeholders**, and responded to RFPs and client proposals for prospective engagements.

PwC India (PricewaterhouseCoopers) Kolkata, India (Hybrid)

January 2023 – March 2026

Cybersecurity Associate (Associate II) / Cyber Security Specialist

- Conducted IT and OT cybersecurity audits and IT General Controls (**ITGC**) testing against **ISO 27001:2022** and the **NIST Cybersecurity Framework** (CSF 2.0), delivering maturity assessments, risk reports, and **remediation** recommendations that improved client security posture by up to 40%.
- Identified **control gaps** and developed **security policies**, procedures, and As-Is / To-Be network diagrams aligned to regulatory standards, reducing **compliance** gaps by 30%.
- Maintained risk registers and used Tenable, Nessus, Nozomi, and Claroty to assess **vulnerabilities**, triage findings by severity, and support **remediation**, cutting critical **vulnerabilities** by 25%.
- Built Power BI **dashboards** and **metrics** to communicate risks and **control gaps** to **stakeholders**, and coached clients through **ISO 27001** certification readiness.

PROJECTS

ISO 27001:2022 IT/OT Assessment — Steel Manufacturer

Client engagement, PwC India

On-site **ISO 27001:2022** assessment for IT and OT; produced gap reports, risk registers, and **dashboards**, enabling successful certification and cutting OT-environment risks by 35%.

NIST + IEC 62443 OT Cybersecurity Audit — Cement Manufacturer

Client engagement, PwC India

NIST (SP 800-30, SP 800-53) and IEC 62443 based IT/OT audit; built risk and gap registers, **dashboards**, and To-Be network diagrams, performed endpoint assessments, and managed **vulnerabilities**, cutting identified risks by 30%.

EDUCATION

B.P. Poddar Institute of Management and Technology (BPPIMT) Kolkata, WB, IN

August 2019 – June 2023

Bachelor of Technology in Electronics and Communication Engineering

GPA: 9.17
